3D Oil Limited

ASX Release

14 November 2019

Award of Suspension and Extension – T/49P

3D Oil Limited (ASX:TDO, “3D Oil” or the “Company”) announces that the Company has been awarded a 12 month suspension of the Year 5 work program commitment for T/49P, with a corresponding 12 month extension of the permit term. As a result, Permit Year 5 will end on 21 February 2021.

This will allow the Company up until 21 February 2021 to complete acquisition, processing and interpretation of a minimum 750 km² of 3D seismic data.

3D Oil is proposing to acquire 1,580 km² of 3D seismic during the months of September and October 2020, pending approval from the government regulator NOPSEMA.
